

AGRICULTURAL ISSUES FORUM

SAM HOUSTON STATE UNIVERSITY

The purpose of the Agricultural Issues Forum is to: 1) stimulate the study of and interest in agricultural issues among agriculture students and the "non-agricultural" public, and 2) encourage local efforts by providing recognition for those who have demonstrated skills and competencies as a result of instruction in issues analysis.

I. OBJECTIVES

1. Investigate a variety of local, state, national and international issues facing agriculture through classroom instruction.
2. Engage students in the selection, research, planning and presentation of a local, state, national or international agricultural issue with relevance to the local community.
3. Demonstrate through the portfolio, presentation and questioning an understanding of the principals and fundamentals of agricultural issue analysis.
4. Connect agriculture students with professionals in the industry as they research and present their forum.
5. Increase the awareness of agricultural issues at the local, state or national level through presentations of the forum.
6. Apply teamwork, leadership and communication skills for career success.

II. EVENT RULES

1. **Team make-up:** A minimum of three and a maximum of seven students who are actively participating, orally presenting, and available to answer judges' questions. 5. Guidelines of eligibility for the Agricultural Issues Forum will be consistent with other National FFA Career Development Events. Teams will be certified by respective area coordinators and Texas FFA Association.
6. A minimum of three competent and unbiased judges will be provided. They will be instructed not to take sides on the issue(s). Professors and industry representatives are recommended. There will be a minimum of five judges at the state level with three being qualified Ag Science teachers. The low and high rank that each team receives will be dropped when ranks are added to determine placings.
7. The "Statement of Originality" shall be submitted with the portfolio. The "Statement of Originality" must be signed by the agriscience teacher and each member of the team.
8. This event requires original work by the team's members and their advisor(s); thus, plagiarism is not permitted. **Plagiarism** is defined as: *Reproducing, an existing script developed by another chapter, someone else's sentences more or less verbatim, and presenting them as your own*

In addition, no points will be awarded for forums presented as any part of a district, area or invitational FFA competition.

High quality forums are those presentations made to community groups that would have an interest in the issue. High quality forums can also be with smaller numbers of individuals who hold elected, appointed, some other official position or position of prominence in the local community that will be making decisions on the issue. These may include, but are not limited to, civic organizations, booster clubs, people of interest, businesses of interest, elected officials, alumni and young farmers.

Low quality forums would be dropping in at a local business un-scheduled and giving a presentation to the workers or going to the home of one of the parents to make a presentation. These may include, but are not limited to, classroom presentations or presentations given to student-led organizations. Low quality forums will receive zero or minimal points.

7. Time Limits: Five minutes will be allowed for set up. The presentation will be a maximum of 15 minutes in length. The presenters will receive a signal at 10 minutes and at 14 minutes. At 15 minutes, the timekeeper will announce that time is up, and the presentation will end. A maximum of five minutes for questions and answers will be allotted. Questions and answers will terminate at the end of five minutes for District, Area and State Semi-Finals. Seven minutes of questions and answers will be allotted for State Finals. Five minutes will be allowed for take down.
8. The presentations will be designed to be viewed by the judges. The audience at-large will not be of concern to the presenters.
